

# AFTER BUILDERS CLEANING

## *checklist*

### LIVING ROOM

- Remove all construction dust from walls, ceilings and skirting boards.
- Wipe and polish all surfaces including shelves, units and ledges.
- Clean windowsills, frames and tracks.
- Hoover all flooring and edges thoroughly.
- Mop hard floors with a post-builders solution.
- Remove paint, plaster or adhesive marks where safe to do so.
- Clean light switches, plug sockets and door handles.
- Wipe down radiators and vents.
- Clean inside and outside of built-in storage.
- Clean all glass surfaces; remove smudges and dust.
- Polish mirrors and decorative glass pieces.

### BEDROOM

- Full dust removal from walls, corners, ceiling lights and wardrobes.
- Clean and polish all furniture surfaces.
- Vacuum under beds and behind large items (where accessible).
- Clean mirrors, lamps, bedside tables.
- Wipe switches, handles and skirting boards.
- Dust curtain rails and blinds.
- Vacuum carpets thoroughly.
- Mop hard floors.
- Remove any leftover paint, plaster or debris.

# AFTER BUILDERS CLEANING

## *checklist*

### KITCHEN

- Deep clean all countertops and splash-backs.
- Clean all kitchen cupboards inside and out.
- Remove construction dust from all appliances (externally and internally where applicable).
- Wipe down fridge, oven, dishwasher and microwave.
- Clean extractor fan and hood.
- Degrease and polish stainless steel surfaces.
- Vacuum and mop thoroughly.
- Sanitise handles, switches and sockets.
- Clean skirting boards, plinths and tile grout.

### BATHROOM

- Clean and disinfect toilets, sinks, taps and shower units.
- Scrub and polish tiles; remove dust from grout.
- Clean shower screens, mirrors and glass panels.
- Wipe walls, ceilings, vents and extractor fans.
- Remove dust from pipes, towel rails and bath panels.
- Vacuum edges and mop thoroughly.
- Remove plaster, residue or marks safely.

### FINAL TOUCHES

- Remove all debris, stickers, protective film and packaging
- Clean doors, frames and handles
- Polish all metal, chrome and glass fittings
- Ensure all areas smell fresh and dust free
- Final inspection walkthrough to confirm VIA standards are met
